

# Opponents of Suffrage Fight Attempt of Women For Ballot

## Socialism and Mormonism Are Attacked By Anti-Suffragist

New York Club Woman Declares Mormons Introduced Suffrage and Says Socialists Have Spread It; Debate in the Senate Again Delays the Program on the Currency Bill.

WASHINGTON, D. C., Dec. 5.—Socialism and Mormonism were described as "two forces within the United States that desire the republic's overthrow" by the opponents of woman's suffrage in arguing before the house rules committee against creating a standing committee on suffrage. Mrs. Rosamund Johnson, of the Golden Club, New York, declared today that in making any advance toward woman suffrage, this government would be playing into the hands of the forces within the United States that desire the republic's overthrow. These forces are Socialism and Mormonism, she declared. "Mormonism is a territorial, and Socialism is responsible for every other particle of political woman suffrage in this country or in any other."

**Cites Los Angeles Parade.** Mrs. Wm. F. Scott, of New York, chairman of the legislative committee of the Golden Club, said: "Each successful suffrage campaign has been carried by an appeal to the people to rise against the law and the existing government under the dictates of self interest. In Los Angeles, the suffragists chanted to the beat of marching feet, as the labor unions and Socialist organization marched, headed past the prison in which the McNamara brothers were held. 'You vote for us, and we'll vote for you.'"

**Suffrage a State Question.** She urged that the federal government have nothing to do with the suffrage question. It should be left to the states. In this she was supported by Rosamund Johnson. Mr. Johnson insisted that any state wanting woman suffrage was at liberty to have it, "without any amendment of the federal constitution or any action of congress whatever."

**Seamen's Bill to be Heard Dec. 13.** In the house hearings on La Follette's seamen's bill were not for December 13. The good roads committee agreed to begin hearings on many federal aid bills Monday.

The house passed a resolution to Old Time Sores And Ulcers Healed Old Wounds Often Bother Many Years After.

People who have been poisoning and poisoning an old sore for years and years, marvel at the way it heals quickly after using S. S. S.

When you come to realize that the skin and the flesh beneath are composed of a network of tiny blood vessels you solve the mystery. There are wonderful medicinal properties in S. S. S. that follow the course of the blood stream just as naturally as the most nourishing food elements.

It is really a remarkable remedy. It contains one ingredient, the active purpose of which is to stimulate the tissues to the healthy selection of its own essential nutriment. And the medicinal elements of this matchless blood purifier are just as essential to well-balanced health as the nutritious elements of the meats, grains, fats, and sugars of our daily food.

Not only this, but from the presence of some distributing poison there is a local or general interference of nutrition to cause boils, carbuncles, abscesses and kindred troubles. S. S. S. so directs the local cells that this poison is rejected and eliminated from their presence.

Then, too, S. S. S. has such specific stimulation on these local cells as to preserve their mutual welfare and a proper relative assistance to each other.

Not one drop of medicine or drugs is used in its preparation. Ask for S. S. S. and just insist upon having it. And if you desire efficient advice and counsel upon any matter concerning the blood and skin, write to the medical department, The Swift Specific Co., 210 Swift Laboratory, Atlanta, Ga.

Do not allow some zealous clerk to interrupt the atmosphere in eloquence over something "just as good" as S. S. S. Beware of all substitutes.

## DEPUTIES SEARCH MINE FOR BANDIT

Poisonous Gases Delay Entry of posse into Underground Workings Intended to Be Slayer's Tomb.

Bingham, Utah, Dec. 5.—The Utah-Apex mine, supposed to be the tomb of Ralph Lopez, slayer of six men, was searched today. Upon the removal of the double bulkheads at the exits, the pent up gases that were driven into the mine from Monday morning until late last night escaped with a rush. It was expected a posse would be able to enter before night and search for the body of the desperado.

As it was possible Lopez was still alive the deputies were prepared for another underground battle such as occurred yesterday when two of the number were killed.

Lopez took refuge in the mine eight days after killing a fellow Mexican and three peace officers on November 21.

## PARLIAMENTS FAVOR PRIMARIES

Republicans Continue Plans to Hold Special National Convention.

Washington, D. C., Dec. 5.—The issue of direct presidential primaries, brought into public discussion by president Wilson's message, promises to be an important factor in the deliberations of the Republican national committee here December 16. Many believe congress must provide primaries that will do away with the need of any nominating conventions before the next presidential election.

It was pointed out today that if a direct primary law were passed before the national committee met, the issue of Republican representation would disappear.

**Plan for Convention.** Senator Jones, a member of the law committee, returned to Washington today and said plans were being worked for a national convention.

"I am in favor of some form of direct primary," he said. "The plan that appears to be sound would provide for direct primaries in the states, with national conventions, in which delegates would sit in proportion to the vote in the states. Each state would appoint its delegates according to the strength of the respective party candidates, and the national convention would make the final choice."

**Senators Want Primary.** Senator Cummins, one of the most active advocates of rules revision, and chairman of the committee on elections, appointed in Chicago last spring, declared today that discussion of presidential primaries should not interfere with the holding of a special convention.

He strongly in favor of a direct primary, he said, "but there is no assurance that the direct primary laws will be passed, or at least that they will be in force by the time the party goes to the convention."

**Root Directs Parley.** Senator Root was made permanent chairman by the Republicans at their session today. He said that in view of the recent strife and disturbing elements of our political history, and of the importance of the subject, it was deemed wise to meet and clarify the situation. He said that in view of the duty of the party to the country, it was his duty to go ahead with the convention plans we have outlined and complete them as soon as possible.

**AMUSEMENTS.** **GOOD SPECIAL AT ELTON.** Today the Elton will feature "The Wheel of Justice," an elaborate Klein two-reel special. The picture is unusual and some original and striking features not often seen in two-reel subjects.

Washington, D. C., Dec. 5.—Dr. Anna Howard Shaw, president of the National American Woman Suffrage association, declared today that militancy today just before the close of the convention. Mrs. Chapman Clark told the convention that when she was a young girl she had heard Susan B. Anthony speak on woman suffrage and that she had "remained a convert to the cause ever since."

**Remedy Used By Three Generations**

Mothers Who Took it When Children Now Giving it to Their Children.

There must be genuine merit to an article that has stood the test of two generations of users.

In the field of medicine none has had greater success, nor retained that success to a greater degree, than Dr. Caldwell's Syrup Pepsin, none being used by three generations of people. Its use in families is constantly becoming more general. The reason, primarily, is that it has merit. It is what it represents itself to be, a laxative-remedy; it does not make excessive claims, nor use coarse language to set forth its virtues.

It is a medicine, but so mild and gentle a medicine that thousands of mothers give it to their infants, and yet in a slightly larger dose, it is equally effective for grown-ups. It is for any disorder of the stomach, liver or bowels, for constipation no matter how chronic, for dyspepsia no matter how severe, for indigestion, sour stomach, gas on the stomach, headache, drowsiness after eating and similar complaints arising from a clogged-up condition of the bowels. It is pleasant to the taste and does not gripe. It can be used with safety and good results by anyone at any age or in any condition of health, and that person's health will improve. Every druggist sells it and the price is only fifty cents and one dollar a bottle.

Thousands of families throughout the country are never without Syrup Pepsin in the house, among them Mrs. W. A. Taylor, 717 Lincoln Ave., Belmont, Cal.

Families wishing to try a free sample bottle can obtain it postpaid by addressing Dr. W. R. Caldwell, 415 Washington St., Monticello, Ill. A postal card with your name and address on it will do.
